

# THE BOOTZ COLLECTION

Bootz.com

# THE EXPERTS' CHOICE

## Strength & Durability

- Steel-backed products with proven structural strength and solid feel used in many applications
- Hard porcelain-enameled sanitary surface resists scratching and most jobsite damage

## Gloss & Color

- High gloss porcelain finish perfectly matches other fixtures
- Maintains its bright color and glossy finish over time
- Consumer preferred look, popular in commercial applications

## Maintenance & Reparability

- Easy to clean, non-porous surface resists bacteria growth
- Brilliant, stain-resistant porcelain finish
- Repair kit and professional services available online

## Capacity & Availability

- Unmatched capacity with more than 4 thousand units produced per day
- Extensive product inventory ensures consistent 3-day lead time with no backorders

## to Suit Your Needs

Bootz porcelain enameled bathing fixtures offer levels of backing and insulation to suit a range of requirements. Whether your project calls for standard durability, enhanced performance or premium insulation, we offer a mix of features that add up to real value.

### Standard

Durable, heavy-gauge steel for strong, light-weight construction that is easily repairable.

### Enhanced

Enhanced backing includes SYNIRON composite material added as a uniform coating to the underside for improved heat retention and protection while handling and installing.

### Premium

Cast models feature our highest level of backing — NEW premium insulation designed to improve heat retention and noise absorption for a warmer, quieter bath. Exclusive honeycomb structure adds ultimate durability.

Available with

## **ARMORSHIELD™** Jobsite Protection

### Unmatched Protection

Thick protective coating guards against most jobsite damages.

### Peace of Mind

Stays firmly in place to protect the product's brilliant finish in all conditions.

### Easily Removable

Easily peels away to reveal the untouched, glossy surface.

To order, add an "A" at the end of the model number (XXX-XXXX-XXA)

# NEXTILE

## Caulkless System

### STRUCTURALLY SMART

The NexTile Caulkless System is your complete bathing solution. Paired with the best-selling Aloha tub, this wall set creates a water-tight assembly with a functional storage solution and modern design to upgrade your bathroom. The NexTile Caulkless System is the confident choice for the budget-conscious and fashion-forward consumer.

#### **Complete System Includes:**

Aloha Bathtub + NexTile 4 Piece  
Caulkless Wall Set

### The NEX TILE Caulkless System

- Subway tile design and realistic grout texture without the upkeep or high price tag.
- Spacious wall-to-wall niche with a beautiful mosaic tile pattern. Customize the niche with real tile for a personal touch.
- Quick and easy 1-person direct-to-stud installation. The connection system locks walls firmly into place. Water-tight system requires no caulking.
- Grout-free panels in glossy composite material are simple to clean and maintain.
- Code-compliant reinforced backing option ensures secure FHA-compatible grab bar mounting.
- The porcelain surface is easy to clean and resistant to scratches, chemicals, heat, and bacteria growth.
- Bootz's #1 selling bathtub, Aloha, completes the system with its simple and modern style.
- The Aloha tub available in left- or right-hand drain with slip resistant bottom. The standard Aloha tub features a lumbar support for comfortable bathing.
